

Sponsored in part by:

Additive Manufacturing/3D Printing Workshop

This next major technological shift in how things are made is moving with a quickening pace beyond prototyping and product development to full production capabilities. Join us to understand the AM/3D state-of-the-art now and where the technology will be in the future. Presenters will highlight our New York State, Stony Brook University, and Long Island industry resources to assist your transition to adapt and adopt this new technology!

When: Thursday, November 9th, 2017 – 8:30am to 1:00pm

8:30am – Registration & Continental Breakfast

9:00am – 11:30am - Presentations

11:30am - 12:15pm – AM/3D Printing Demonstrations

12:15pm – 1:00pm – Lunch & Networking

**Where: Composite Prototyping Center (CPC)
121 Express Street, Plainview 11803**

This is a FREE workshop but registration is required.
